

Editor (part time / full time) Career changer with interest in the ceramics sector

The Baden-Baden located publishers Göller Verlag are seeking an Editor to join the editorial team of its English-language publications cfi – ceramic forum international and refractories WORLDFORUM and CERAMIC APPLICATIONS.

Your tasks:

- Revision and maintenance of the journals and their online media, their structuring, standardization and terminology
- Coordination, development of content
- Layout work and briefing of the graphic design
- Reports about attended events

Applicant profile:

- Graduate in Engineering or technical background
- English language skills (or native English speaker with fluent German)
- Proven talent for journalistic work: writing tight copy (reports, interviews, news-in-brief), copy reading technical papers, editing articles for print and online publications
- Career changer with interest in the ceramics/refractories sector
- Editing experience desirable but not essential
- Working knowledge of MS/Adobe programs

If this meets your interest please send your CV to:
